

Olds Mountain View Christian School Association

3 Year Education Plan 2016-2019 And Annual Education Results Report (AERR) 2015-2016

Message from the Board Chair

Olds Mountain View Christian School (O.M.V.C.S) is a private, independent school operating in the rural area of Harmattan, Alberta. It is our goal at O.M.V.C.S to offer a high quality; Jesus Christ centered education to the attending students. To achieve this goal it is our mandate to use approved Biblical based curriculum and Alberta Distance Learning Christian Division materials and follow the rules and guidelines set by the Alberta Department of Education, thus enabling our students to obtain an Alberta High School Diploma.

It is our desire that upon completing the student educational time with O.M.V.C.S they will have developed a strong moral character and have achieved a high academic standard. These traits are highly regarded by post-secondary education and the work force.

With much prayer, time and energy devoted to daily and future planning, O.M.V.C.S will continue to be accountable to God and thus our government.

Accountability Statement

Accredited Private School Authorities:

Please refer to Appendix C of *Policy and Requirements for Accredited Private School Authority Planning and Results Reporting* for the wording of accountability statement

<http://www.education.alberta.ca/admin/resources/planning/reporting2013.aspx>

The Annual Education Results Report for the **2015-2016** school year and the Education Plan for the three years commencing September 1, 2016 for **Olds Mountain View Christian School Association**, was prepared under the direction of the Board in accordance with its responsibilities under the Private Schools Regulation and the Education Grants Regulation. This document was developed in the context of the provincial government's business and fiscal plans. The Board has used the results reported in the document, to the best of its abilities, to develop the Education Plan and is committed to implementing the strategies contained within the Education Plan to improve student learning and results.

The Board approved this combined Annual Education Results Report for the 2015/2016 school year and the three-year Education Plan for 2016 – 2019 on November 30, 2016.

Foundation Statements (optional)

Vision:

- Emphasis on mastery of individualized education through “PACE work”
- Emphasis on the development of strong moral values and Christ-like behavior
- The need for each student to have a saving knowledge of Jesus Christ
- The development of young adults who have a strong sense of responsibility towards family, community, country, and God
- To have students successfully complete grade 12 with an official Alberta Diploma or equivalency.

Mission:

- To provide training with a Bible-based academic curriculum and individualized system of learning
- To develop each child’s character academically, mentally, socially, physically, and spiritually
- That each child may reach their full potential within a Christ-centered learning environment
- For each child to have the opportunity to meet Jesus as their personal Saviour, and Lord.

Principles and Beliefs:

- The educational philosophy of Olds Mountain View Christian School is dependent upon the authority of the Bible for providing the view point for interpreting subjects or school activities.

•

A Profile of the School Authority

Profile:

- Operated by an elected board consisting of parents, staff, and interested people who each have a personal relationship with Christ Jesus
- Serves a rural constituency
- Located at the small community of Harmattan
- Use **Accelerated Christian Education** curriculum with Enrichment Lessons (correlated with Alberta Education's Curriculum) for ECS through Grade 9. Alberta Distance Learning Christian Division is used for High School or an option of A.C.E. through homeschooling.
- We do facilitate homeschooling using A.C.E. curriculum, other Christian curriculum and/or Alberta Distance Learning Christian Division.
- Provides a solid back-to-the-basics education program
- Individualized diagnostic testing for each child, prescribing curriculum according to the child's level of knowledge and ability.
- A program incorporating character building and wisdom principles to develop good citizenship.

Notes:

- Results have been adjusted to reflect the change from previous data source systems to Provincial Approach to Student Information (PASI).
- Due to the change from previous data source systems to Provincial Approach to Student Information (PASI), historical Rutherford Scholarship Eligibility Rate results are not available.
- Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (Grades 6, 9), French Language Arts (Grades 6, 9), Mathematics (6, 9, 9 KAE), Science (Grades 6, 9, 9 KAE), Social Studies (Grades 6, 9, 9 KAE).
- Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Examination for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Chemistry 30, Physics 30, Biology 30, Science 30, Social Studies 30-1, Social Studies 30-2.
- Overall evaluations can only be calculated if both improvement and achievement evaluations are available.
- Results for the ACOL measures are available in the detailed report: see "ACOL Measures" in the Table of Contents.
- Participation in Provincial Achievement Tests was impacted by the flooding in June 2013 (Grade 9 only) and by the fires in May to June 2016. Caution should be used when interpreting trends over time for the province and those school authorities affected by these events.
- Participation in Diploma Examinations was impacted by the flooding in June 2013 and by the fires in May to June 2016. Caution should be used when interpreting trends over time for the province and those school authorities affected by these events.
- Survey results for the province and school authorities were impacted by the changes in the number of students responding to the survey through the introduction of the OurSCHOOL/TTFM (Tell Them From Me) survey in 2014.
- Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (*).

Measure Evaluation Reference (Optional)

Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the 3 year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Measure	Very Low	Low	Intermediate	High	Very High
Safe and Caring	0.00 - 77.62	77.62 - 81.05	81.05 - 84.50	84.50 - 88.03	88.03 - 100.00

Notes:

- 1) For all measures except Drop Out Rate: The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.
- 2) Drop Out Rate measure: As "Drop Out Rate" is inverse to most measures (i.e. lower values are "better"), the range of values at each evaluation level is interpreted as greater than the lower value and less than or equal to the higher value. For the Very High evaluation level, values range from 0% to less than or equal to the higher value.

Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

Improvement	Achievement				
	Very High	High	Intermediate	Low	Very Low
Improved Significantly	Excellent	Good	Good	Good	Acceptable
Improved	Excellent	Good	Good	Acceptable	Issue
Maintained	Excellent	Good	Acceptable	Issue	Concern
Declined	Good	Acceptable	Issue	Issue	Concern
Declined Significantly	Acceptable	Issue	Issue	Concern	Concern

Category Evaluation

The category evaluation is an average of the Overall Evaluation of the measures that make up the category. For the purpose of the calculation, consider an Overall Evaluation of Excellent to be 2, Good to be 1, Acceptable to be 0, Issue to be -1, and Concern to be -2. The simple average (mean) of these values rounded to the nearest integer produces the Category Evaluation value. This is converted back to a colour using the same scale above (e.g. 2=Excellent, 1=Good, 0=Intermediate, -1=Issue, -2=Concern)

Outcome One: Alberta's students are successful

Comment on Results

Under the Freedom of Information and Protection of Privacy Act, we are not permitted to post these results, as we have less than six students in each group.

Our only comment would be we are pleased with the results and the success with the students

Strategies

- Provide support personnel or individualized programs specifically for the child's need.
- Provide counseling and testing to identify areas of need and interest of student.
- Note changes in student's attitude and behaviors and the reasons behind the changes, then set appropriate plan in action.
- Quarterly incentives are provided to encourage students to accomplish quarterly academic goals.
- Recognition given to students who achieve Honor Roll.
- Administer Diagnostic placement testing for new students.
- Conduct quarterly joint student/teacher conference.
- Conduct quarterly conference with student and parent (after report cards go out) appraising them of any concerns.
- Practice test from Test Bank
- Student Tutoring Program

- Enrichment lessons and group work to stimulate subject interest and learning.
- The library is an ongoing project to provide materials for the enjoyment of learning and reading.

Comment on Results

Older students work at modeling characteristics of behaviours of an active, successful, citizen.

Strategies

- Incentives for volunteer programs within the church and community
- Student Council government and elections
- Biblical values and concepts considered foundational to relationships and productive, responsible living are conveyed throughout the curriculum in such a way as to become life-shaping influences. ie. Patriotism, responsibility to community and others, honesty, integrity, a Christian world view
- Opportunities to develop active citizenship throughout school life ie: Operation Christmas Child, Raising Money for those in need. Support a child in Nepal through Gospel for Asia, Christmas Concert and other Art performances are open to the community.
- Have an active recycling program.
- Students daily have the opportunity to develop computer and technology skills.

As a small based school, we are limited to number of programs offered to students. But, do offer some programs in arts, career, technology and health and physical education.

When a student shows interest in a subject we do not offer, we do our best to find someone to instruct in the interested subject.

Strategies

- Employ highly qualified teachers.
- Continue use of individualized materials and mastery learning approach.
- Use challenging Christian text.
- Continue requiring Religious Studies for students.
- Curriculum is designed for mastery from K-9.
- Bring in expertise in fine arts, technology, career, health and physical education.
- Continue to update computers with super net services.
- Survey presently completed by parents, students and teachers
- Students have daily access to computers
- Our curriculum's teaching of positive character traits, our weekly chapel, and daily devotions teach positive relationships.
- Literature, movies, and drama (role playing) educate students and staff on desired behavior towards each other
- Safe and Caring School course for teachers and students
- Anti- Bullying program

Notes:

1. Survey results for the province and some school authorities were impacted by changes in the number of students responding to the survey through the introduction of the Tell THEM From ME survey tool in 2014.
2. Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (*).

Outcome Five: The education system is well governed and managed

Performance Measure	Results (in percentages)					Target 2016	Evaluation			Targets

Overall teacher and parent satisfaction with parental involvement in decisions about their child's education. Overall percentage of teachers, parents and students indicating that their school and schools in their jurisdiction have improved or stayed the same in the last three years.

Strategies

- This is a parent-operated school so options of interest are introduced by them. ie. Crafts, art, woodwork, mechanics, etc...
 - Parents and senior students operate and maintain the library.
 - Parents act in the planning and carrying out of student activities and field trips.
 - Meetings between student, parent, and teacher are conducted quarterly.
 - Parents fundraise to develop new areas of technology, computers, media equipment, etc...

 - Parent involvement with fresh ideas and support
 - Teachers have opportunities to attend seminars and courses on education pertinent to their interest and school needs.
 - ACE Ministries hold conferences where teachers have the opportunity to receive instruction in a multitude of topics; relationships, methods of teaching, abused children, motivation, etc.
 -
- The school pays for any course that will better the teacher thus bettering the school.

Note:

Future Challenges (Optional)

Transportation remains an issue being a rural facility. It is the responsibility of the parents to transport the students to and from the school, this includes all off site activities.

Building space is still a challenge. We continue to discuss and adjust things to better suit the students and flow of space. Adding on to the building is being considered, but the cost viability at this time is too great.
